EXTENDED SERVICE COVERAGE (ESC)

COMMERCIAL VESSEL SOLUTIONS

A VARIETY OF COVERAGE OPTIONS

New ESC – coverage for new engines:

Coverage for commercial marine engine and generator sets is available in 24- to 60-month terms, in 12-month increments, if purchased before the end of your original factory warranty.

Advantage ESC – coverage for used engines:

Coverage is available after the end of the original factory warranty in 12- to 60-month terms, in 12-month increments, and before the first overhaul. Your commercial marine engine or generator set is eligible once it passes a qualifying inspection performed by an authorized Cat dealer in accordance with the Advantage Certification Inspection Worksheet.

Overhaul Protection for Commercial (OPC) ESC:

Coverage for overhauled engines, available in 12- to 60-month terms, in 12-month increments. Your commercial marine engine or generator set is eligible once a qualifying overhaul has been completed by an authorized Cat dealer in accordance with the OPC Certification Worksheet.

Contact us for your best programme choice.

GET OUR PLATINUM COVERAGE – FOR YOUR CONFIDENCE ON BOARD

Our Platinum Coverage includes all as-shipped components from the factory with Cat part numbers*:

- Cooling, fuel, lubrication and electric systems
- Alternator end (generator sets only)
- Air induction and exhaust
- Short block
- Cylinder head
- Front and rear covers
- Additional optional coverage

* some exclusions may apply

WHY ESC?

Cost saving:

Our ESC is available for parts and labour expenses on covered components. You improve your cash flow by budgeting for unexpected repair costs.

Local expertise:

Trained technicians at more than 2,500 Caterpillar authorized service locations have the experience, training and tools to repair your marine engine quickly and accurately.

Global coverage:

Our ESC is available wherever you are, for all your ESC coverage and service needs. It's true global service with no zones or territory restrictions.
